

EXHIBIT E

3. This estimate was based off the information that there were 33.6 linear feet of responsive records at Joint POW/MIA Accounting Command ("JPAC") in Hawaii. We were unable to attain an exact number of records, so the fee was based off an estimate of the records that were believed to be held at JPAC. WWII IDPFs and X-Files are not currently scanned in their entirety into an electronic database, therefore it is hard to determine exactly how many exist and where they may actually be located. Many original records are kept in legal boxes and so that also makes it a difficult task to locate and track the whereabouts of these files. The fee letter for Mr. Eakin was based off an estimate of records and was created using to the best of my knowledge information that I received.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief. Executed on this 24th day of May 2011.
