 to Company K, same regiment, while that unit was being attacked
 by enemy force superior in fire power. Enemy snipers in trees and
 fox holes had stopped a counterattack to regain part of position. In
 hand-to-hand fighting which followed, Lieutenant Nininger repeatedly
 forced his way to and into the hostile position. Though exposed to
 heavy enemy fire, he continued to attack with rifle and hand grenades
 and succeeded in destroying several enemy groups in fox holes and
 enemy snipers. Although wounded three times, he continued his
 attacks until he was killed after pushing alone far within the enemy
 position. When his body was found after recapture of the position,
 one enemy officer and two enemy soldiers lay dead around him.

*O'BRIEN, WILLIAM J.

Rank and organization: Lieutenant Colonel, 1st Battalion, 105th
 Infantry, 27th Infantry Division. *Place and date:* At Saipan, Mari-
 anas Islands, 20 June through 7 July 1944. *Entered service at:* Troy,
 N.Y. *Birth:* Troy, N.Y. *G.O. No.:* 35, 9 May 1945. *Citation:*
 For conspicuous gallantry and intrepidity at the risk of his life above
 and beyond the call of duty at Saipan, Marianas Islands, from 20
 June through 7 July 1944. When assault elements of his platoon
 were held up by intense enemy fire, Colonel O'Brien ordered three
 tanks to precede the assault companies in an attempt to knock out
 the strongpoint. Due to direct enemy fire the tanks turrets were
 closed, causing the tanks to lose direction and to fire into our own
 troops. Colonel O'Brien, with complete disregard for his own safety,
 dashed into full view of the enemy and ran to the leader's tank, and
 pounded on the tank with his pistol butt to attract two of the tank's
 crew and, mounting the tank fully exposed to enemy fire, Colonel
 O'Brien personally directed the assault until the enemy strongpoint
 had been liquidated. On 28 June 1944, while his platoon was at-
 tempting to take a bitterly defended high ridge in the vicinity of
 Donnay, Colonel O'Brien arranged to capture the ridge by a double
 envelopment movement of two large combat battalions. He per-
 sonally took control of the maneuver. Colonel O'Brien crossed 1,200
 yards of sniper-infested underbrush alone to arrive at a point where
 one of his platoons was being held up by the enemy. Leaving some
 men to contain the enemy he personally led four men into a narrow
 ravine behind, and killed or drove off all the Japanese manning that
 strongpoint. In this action he captured five machineguns and one
 77-mm. fieldpiece. Colonel O'Brien then organized the two platoons
 for night defense and against repeated counterattacks directed
 them. Meanwhile he managed to hold ground. On 7 July 1944

Son's Grave Described To Parents

Sandy Nininger sleeps quietly under a blanket of orchids in an ancient churchyard on Bataan, the hero's parents learned Wednesday from his commanding officer.

Col. George Clarke, veteran of four wars, known as the "last man off Bataan," took time off from his menpower recruiting program to pay a long visit to Mr. and Mrs. Alexander R. Nininger, of Fort Lauderdale, parents of the first soldier to win the Congressional Medal of Honor in World War II.

NININGER

It was not an easy visit for the colonel, whose son, Paul, was killed in Italy 15 days before V-E day, or the parents of the young lieutenant who died after killing 52 Japs on Bataan on Jan. 12, 1942.

Col. Clarke told Sandy's parents that their son slept in grave nine, in the courtyard of an ancient church at Abucay, Bataan. He told how the chaplain had woven a cross from the lovely pink flowers, "cadena de amor," and placed it on the boy's breast before his burial.

He told of the simple service, attended by the moist-eyed men of Sandy's company. He told how the natives covered the bare earth with exotic orchids and how carefully the Filipinos tended the last resting places of their American allies.

Lt. Nininger was killed after he had volunteered to help another company, outnumbered by Jap soldiers. Equipped with a tommy gun, M1 rifle, and pistols, his pockets stuffed with hand grenades, he pushed alone far into the enemy position. When Nininger's body was found, he was surrounded by 52 dead Japs. On top of his body were two Nip officers, their samurai swords drawn. The Medal of Honor was presented to his father on Jan. 20.

Now as to the information you want about Sandy. He was in the 57th. U.S. Infantry, Philippino Scouts. Promoted to 1st. Lieutenant on Dec. 19th. 1941. I am giving you information contained in a letter from Col. Geo. W. Clarke of the 57th. Inf. who escaped from the Philippines, and which information was released to me through the War Department recently. The Japanese infiltration tactics, by snipers, had pushed our lines back. Sandy volunteered to go on several sniper hunting expeditions, and as one witness states "snipers were falling out of trees like dead ducks". He had a large area of trees cut down and set up his trenches and fox-holes before this cleared area. This set up enabled them to hold the line. On Jan 12th. 1942 he got permission to ~~MAX~~ attach himself to Co. K which was further down the line, and where the line was being shoved back by the Jap snipers. His company was holding. He took two scouts, armed himself with a Jap tommy gun, a service rifle with baynet, and a pistol and sack of grenades. The Jap officer, an expert from the China front, was opposite Co. K. with his sniper troops. Sandy crawled into the enemy lines. With the tommy gun and grenades, he killed many enemy groups "twenty were counted in one place" He was seen to be wounded. A first aid man crawled to him but could not hold him. He rushed on. He was seen to stagger again. When he would shoot a Jap "he cheered like a school boy". He found that Jap officer who had two men with him. "He killed all three." Our company 'K' rushed in and retook the lines. "His action was like a tonic to the men, and the position was recaptured." When they reached Sandy, he was dead. Two Jap soldiers lay dead beside him, "and the dead body of the Jap officer lay across his feet".

There is also a description of Sandy's funeral and the beautiful service held at the little church at Abucay by the Chaplain Capt. Cecina. "and the men of Co. A placed the exotic flowers of the Philippines on his grave." His grave is in the church yard and is #9 - beside a row

of his fellow officers and classmates of West Point. Ira Cheamey was Sandy's classmate and particular friend. You met him at West Point when we were all there together. A fine boy. He got married after graduation, and was at Fort Benning when Sandy was there. Sandy had dinner and spent the evening with them at their apartment many times while at Benning. Sandy told us that Ira's wife was a very fine girl. She wrote us a beautiful letter after the news of Sandy's death. Ira got killed on Jan. 30th. 1942 while in action. Pala, another of the boys you met, is a prisoner of the Japs, if he is still alive. The others were killed except Dosh of Ocala Fla. He is also supposed to be a prisoner. There is no hope held out for those prisoners now. (Ira Cheaney was 2nd. Lt. in Co. K)

I have told you all the principal points of Sandy's heroic action. As Col. Bowley said in an address "When he went into the enemy lines, no man could doubt that he knew full well what the

SECTION II - PURPOSE OF VISIT

To visit next of kin of the late First Lieutenant Alexander R. Nininger, Jr., 023761. Due to the many conflicting stories and eye-witness accounts, this visit was made to clear up the reason for declaring the remains nonrecoverable.

SECTION III - OBSERVATIONS AND CONCLUSIONS

The file was carefully explained to the father. Every detail of the search for recovery of the remains was gone over. The father had a file of letters from various officers of the command in which his son served. It was pointed out that there were many inconsistencies in the various versions of the incident of burial. The father was shown the letters of officers in answer to our inquiries, most of which did not agree with the stories told to the father. I explained that in many such instances friends did not want to say things to next of kin which would increase their grief.

The father was most concerned with the closing of the case and repeatedly asked if it meant we would do nothing further. He was sure that his son's remains were still buried at Abucay. He was assured that the closing of the case did not imply that nothing further would be done. Mr. Nininger was told that, if remains were found that could be positively identified as those of his son, he would again be visited by an officer of this Division. He was greatly relieved by this information.

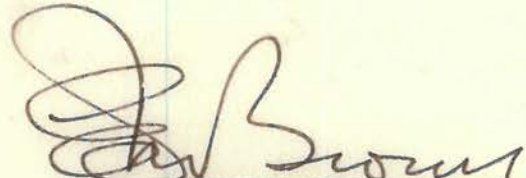

QMGM 293 Nininger, Alexander R., Jr., SN 023 761
SUBJECT: Report of Official Travel - 21 September 1951

Cont'd

Mr. Nininger was greatly pleased and very appreciative of the visit. He said it had helped him greatly to understand the case.

Department Of The Army
Office Of The Quartermaster General
Washington, D.C.

Attention Col. Clearwater
Chief Memorial Division.

Dear Sir :-

Col. Edward M. Brown of your staff called on me on Sept. 20th., in regard to the investigation in the efforts to locate the remains of my son. He explained in detail all that had been done in securing and tracing all the clues that you have, and the failure to identify any of the remains which might have been my son.

Apparently the body of my son was brought to Abucay and buried there. It was either moved, or will yet be found in that area. The confusion of being under fire of the enemy at the time my son was being buried, is probably the reason some who were there at the time are vague in their remembrance of the location of the grave.

In recalling my conversation with either Capt. Cain or Maj. Imerman, he said "Things were happening fast at that time. While we were in the Church yard a shell struck right outside the wall." One theory I have now is that some natives disinterred secretly, the remains of American (foreign) soldiers from the Church yard, and buried them elsewhere. For the ground was consecrated to their people.

It is possible that Col. Clarke gave orders as to where my son should be buried, but was not present at the burial.

I want to thank you and Col. Brown and all of your staff for your efforts in this matter, and feel sure that eventually you will locate the remains of my son.

Sincerely,

[Signature]
A.R. Nininger.

Nininger, Alexander R., Jr.
SN 023 761

13 August 1951

Mr. Alexander R. Nininger, Sr.
222 Southeast 10th Street
Fort Lauderdale, Florida

Dear Mr. Nininger:

This Office desires to furnish you information concerning the results of the investigations which have been conducted in an effort to recover and/or identify the remains of your son, the late First Lieutenant Alexander R. Nininger, Jr.

The records of the Department of the Army indicate that your son was killed in action, 12 January 1942, in the vicinity of Mabatang and Abucay, Philippine Islands. The records further indicate that you have been informed that the remains of your son were brought to the churchyard in the town of Abucay where they were buried.

The Graves Registration Service of the Army conducted extensive investigations in the vicinity of Mabatang and Abucay in an attempt to recover and identify the remains of your son. The most recent investigation in the Abucay Churchyard was conducted during May 1950. At that time, a recovery party disinterred the entire area within the walls of the Abucay Churchyard not occupied by buildings or concrete memorials. No American remains were discovered during this most recent investigation. During previous investigations in this area, a row of graves established during the war were disinterred. These graves contained the remains of two Americans and twelve Philippine Scouts. Each of these remains has been identified. It is believed that these graves which were located just outside the south wall of the Abucay Churchyard between the wall and the river bank are the graves which were reported as having been seen by American personnel on the death march.

In an attempt to resolve the conflicting information concerning the reported burial of your son's remains at Abucay, the persons reported to have witnessed the interments or believed to have any information concerning them were contacted either by letter or by telephone. While some

QCMP 293

Hininger, Alexander R., Jr.
SN 023 761

13 August 1951

Information was obtained from some of these persons, it did not lead to the recovery of the remains. During the course of telephone conversations with some of the survivors, it was brought out that considerable enemy action had taken place in the vicinity of the Abucay Church and that the building and surrounding area were subjected to heavy artillery firing both during the time it was in the hands of our forces and after its capture by the Japanese. It was also brought out that in many instances the Japanese Forces desecrated the graves of American soldiers and particularly those who had been actively engaged in the defense of American positions. Graves were also opened in the hopes of finding American equipment and ammunition which might have been buried with the remains.

The death roster prepared by Chaplain Secina has been studied; however, it does not contain the burial location of the remains of any of the individuals whose service he is reported to have conducted.

All unknowns recovered from the general area of Mabatang and Abucay have been processed by accredited technicians utilizing advanced scientific and technical procedures to obtain the most accurate information possible concerning these unknowns. The information obtained as a result of this processing was compared with the information on file with the Department of the Army for your son. However, no association was possible between any of these unknowns and your son because of the difference in dental and physical information.

Having considered all the factors in this case: the contradiction with regard to the actual place of interment, the shelling of the church and surrounding areas, the desecration and opening of graves by Japanese Forces, the intensive investigations conducted in the area, and inability of Graves Registration Service of the Army to locate the remains of your son, it has been determined that his remains are nonrecoverable.

Realizing the extent of your great loss, it is regretted that there is no grave at which to pay homage. May the knowledge of your son's honorable service to his country be a source of sustaining comfort to you.

Sincerely yours,

JAMES B. CLEARWATER

QMGMF 293
Nininger, Alexander R., Jr.
SN 023 761

Department Of The Army
Office Of Quartermaster General
Washington, D.C.

Dear Sirs:-

Your letter of Aug. 13th., signed by Col. James B. Clearwater, Chief, Memorial Division, was received, in which you explain the investigation of the Graves Registration Service in their search for the remains of my son, the late 1st Lt. Alexander R. Nininger Jr., and the efforts of your department to secure information to aid in this search. You state that all efforts have failed and it is determined that my son's remains are nonrecoverable.

I appreciate your efforts, and know that the investigation followed most thoroughly every clue which you had obtained. However, after studying your letter of Aug. 13th., and the previous correspondence, and the information given to me, I cannot reconcile myself to considering the matter closed. You would, I am sure, follow up any further clues which would indicate that further investigation was necessary.

I am listing herewith some more names of witnesses, and possible witnesses to my son's burial, and some facts which might give you more leads.

In the fourth paragraph of your letter of Aug. 13, 1951, you speak of "conflicting information" concerning the reported burial of my son's remains at Abucay. In my letter of Sept. 3, 1946, I quoted from a letter from Col. George S. Clarke dated Feb. 20, 1944 in which he described in detail the burial of my son: "He is buried in grave #9 behind the south wall of the Abucay Church.."

Col. Clarke visited us here at our home late in August 1945. He then described to us just as he had written about our son's burial, and cautioned us to keep the record of the location of the grave.

Capt. William P. Cain (0310076) - formerly Lt. 57th. Inf. - whose home address is 3631 Monroe Street, Columbia, S.C., and Maj. Harold M. Imerman, Medical Staff, whose address is 416 N. Bedford Drive, Beverly Hills Cal., both called on us in the winter of 1945. Both were friends of my sons' and both testified as to the burial. They had both spent

three and a half years in Japanese prisons. Surely none of these would give me any incorrect information.

Maj. Imerman told me that he had examined my son's body when it was brought in. Capt. Cain said that he had taken the class ring off of my son's finger. Col. Clarke had stated in a letter, that he had sent to Corrigador a package containing my son's class ring, his wallet and some papers. I never received these.

Col. Fred J. Yeager (022969) who was Captain of my son's company, 57th. Inf., and who now is an instructor in the Language Dept. at West Point, had also been in a Japanese prison for three and a half years. He wrote to us on Dec. 9, 1945 describing our son's action which won for him the posthumous award of the Medal Of Honor. He had taken from my son's body a money belt which I had given him. In one of the pouches was a Crucifix which had been given to me by a friend who was a Catholic Priest (though I am not Catholic). When he was captured by the Japanese they had taken everything from him but they would not take the Crucifix. He sent the Crucifix to me.

Referring to my letter of Sept. 3, 1946, it relates that Maj. Ralph M. Calkins (0341614) stated that when grave #9 was moved to U.S. Cemetery #2, a part of the remains was sent to Washington for official identification. He also stated that a class ring was found. Col. Clarke, in a letter to me dated Aug. 28, 1945, concerning my son's promotion, stated; "Major Johnson S-3 of the 57th. Inf., and Capt. Olsen the Adjutant, have just been released from Japanese prison camps. Upon their return to this country they may be able to throw further light on whether or not Sandy actually accepted his promotion prior to his death." The two above mentioned names may be of value in securing additional information. I have a photograph of grave #9 at Abucay which was taken by Maj. Calkins in May 1946 prior to the disinterment in moving the graves to U.S. cemetery #2. I am enclosing this photo, also one of the Church and one of U.S. Cemetery #2.

So in summing up all this data, it proves that the body of my son was identified and buried in the Church yard at Abucay, grave #9. That this grave was moved to U.S. cemetery #2, and with the number 2836 was recorded there as "Probably Lt. Nininger". That the skull was sent to Washington for identification. That the photograph of

Aug. 21, 1951.

grave #9 with the wooden Cross, taken in 1946 would indicate that the grave has not been violated by the enemy. If information given to me about the disposition of personal effects found on my son's body is not correct, the West Point class ring found in the grave may have belonged to my son.

And is it not possible that when the remains in all of those graves by the Abucay Church were disinterred, the wrong skull might have been sent to Washington, marked as from grave #9 "Supposed to be Lt. Nininger".

Naturally I think of such possibilities, as mistakes in identification have been known to be made.

Maj. Imerman should remember as to whether there was any mutilation by wounds that would hinder identification.

If my son's body had been mutilated by the enemy after he was killed, the personal effects on his body would have been removed.

It was either Maj. Imerman or Capt. Cain who told me that during the burial service of my son the area was under enemy bombardment.

In writing this letter there is no thought of reflecting upon your department, but only the deepest gratitude for all your efforts. However, the general perspective of the entire matter indicates that a careful recheck should be made, and I hope that the additional names and information contained in this letter will be of help.

The file on this case should remain open until the remains of my son are found.

My son won the first Congressional Medal Of Honor of World War 2. Several memorials have been dedicated to his memory. Many stories have been published about his heroic action. And we receive numerous inquiries as to the resting place of his remains.

Sincerely,

A.R. Nininger.

5 October 1950

RESUME OF THE RECORD

Lt Nininger is reported by The Adjutant General as having been killed in action 12 January 1942.

Col George S. Clarke, under date of 20 February 1944, wrote to the father of Lt Nininger. His letter described in great detail the ferocity of the fighting and the extent to which the U. S. forces were hardpressed by the Japanese. He gave the following account of the burial of Lt Nininger:

"Sandy's remains were carefully brought to the church in the town of Abucay, Province of Bataan, The Philippines. Captain Cecine, Chaplain, 57th Inf. held a reverent and beautiful service for him. He is buried in grave No. 9 behind the South wall of the Abucay Church beside many of my fine brave young officers who also died in that same action. Men of his Company carefully placed the exotic flowers of the Philippines upon the wooden cross that marks his last resting place. I was present personally for your son's funeral services. It was beautiful and reverent, honoring a man that I loved, one of my fine young officers and a brave man. I may say that his men loved him too, and his memory will live with them as long as they live." (See Tab A)

Major Harold M. Imerman, MD, in a letter to this office on 10 October 1949, stated that Lt Nininger was brought into the hospital at Abucay and was found to be dead on admission; that if he can recall correctly Lt Nininger was buried in the immediate vicinity of the church of Abucay, probably in the church yard; that Father Secina officiated; and that he does not think Lt Nininger was buried in the Abucay cemetery. (See Tab B)

Lt Col John W. Raulston, MC, in a letter to this office on 5 November 1949, stated that he was in command of a medical collecting station located in the Catholic church at Abucay in the early part of the Bataan campaign; that he has personal knowledge concerning the death of several officers at Abucay but the only one he can remember is McCurdy; that there were one or two who were killed in their foxholes by snipers whose bodies could not be retrieved for awhile; that he was not sure now that they were ever recovered; that if not recovered they were buried on the spot; that Chaplain Secina, who later lost his life on a Japanese transport, performed the burials which were done under cover of darkness; and that the Chaplain established a little graveyard in the plot of ground within the five foot wall around the church. Col Raulston marked an overlay with his idea of the location of the graves.

5 Oct 1950

Mr William P. Cain, formerly Captain, in a letter to this office on 2 November 1949 stated Lt Nininger was killed about 3/4 of a mile west of Mabatang while assisting Company K in retaking its lost ground; that he knows nothing concerning the burial of the remains of Lt Nininger; that he removed a West Point class ring from Lt Nininger's body; and that it may be that Lt Nininger was buried where he was killed. (See Tab D)

Within a short time after the Philippines were retaken from the Japanese recovery of remains from isolated burial locations was undertaken. Among the early recoveries were fourteen remains from graves just south of the south wall of the Abucay church yard. Two of these remains were found to be American and the remainder Philippine Scouts. Of the two American remains one was identified as those of Capt McCurdy and the other has not been identified. The dental features of the remains recovered as an Unknown American (X-166) do not compare in any way with the dental information available for Lt Nininger. (See Tab E)

Remains which were interred in Abucay Cemetery at about the time Lt Nininger met his death were recovered also soon after the Japanese were driven out of the Philippines. This cemetery is located less than a mile south of the Abucay Catholic Church. The field has recommended on several occasions that the remains recovered from Grave 9 of the Soldiers' Row in this cemetery be identified as those of Lt Nininger. This recommendation has not been approved because the height of that individual in life was between eight and ten inches less than the height of Lt Nininger.

During May 1950 a Recovery Party disinterred the entire area within the walls of the Abucay Church yard not occupied by buildings or concrete memorials. The area where Col Raulston believed American graves were located was included in the operation. In that area many native caskets were found, many of which contained the remains of children. During the operation 18 remains were recovered which the search party decided should be taken to the laboratory for examination since there was a possibility that they could be American. Upon examination by the Anthropologist it was found that all 18 were individuals of Mongoloid ancestry. (See Tab F)

Many remains have been recovered in the Mabatang-Abucay area which have not been identified. A majority of these are without identifying features and those with such features do not match the recorded dental information for Lt Nininger.

The information furnished Mr Nininger and this office by various persons who were on duty in the Philippines at the time Lt Nininger was killed, is conflicting in many instances. That furnished to the father of Lt Nininger appears to have been composed with the idea of consoling him in his great loss.

RESUME OF THE RECORD (Cont'd)

5 Oct 50

A study of this entire case indicates that the remains of Lt Nininger were not removed from the place of death but were interred hastily at that place; and that his remains have not been recovered or they have been recovered near where he was killed but are unidentifiable because of the lack of identifying features.

CASE HISTORY FOR REMAINS CONSIDERED NON-RECOVERABLE

NININGER, Alexander J. Jr.
1st Lt., O-23 761

BASIS FOR DECLARING REMAINS NON-RECOVERABLE

1. According to attached OQMG Form 371, 1st Lt Alexander J. Nininger Jr., was killed in action on 12 January 1942 at Bataan, Luzon, Philippine Islands.
2. No report of burial is on file for subject deceased.
3. Information obtained from A. R. Nininger, next of kin, states that subject officer was buried on 13 Jan 1942 in the churchyard of Abucay, Bataan, Philippine Islands in a grave marked No. 9. Investigation reveals that 14 remains were recovered from behind the south wall of the Abucay churchyard, only two of which were Americans, the balance being those of Philippine Scouts. A cross-comparison of the processing data of these remains with the army records for subject officer reveals unfavorable results.
4. Further investigation indicates the feasibility of associating Unknown X-4685, AGRS Mausoleum, Manila, P. I., a recovery from Grave #9, Soldier's row, Abucay Cemetery, Abucay, Bataan, Philippine Islands, with Lt Nininger, on the basis of favorable dental comparison. Board Proceedings recommending this identification, however, were not favorably acted upon by OQMG in view of the preponderance of evidence showing that subject officer was buried at Abucay churchyard, among which is a statement signed by Lt. Col. John W. Raulston, MC, who was in command of the medical collecting station located in the Catholic church at Abucay. Col. Raulston's statement reads in part:

"In regard to the burials, when it became necessary for the burial units to take care of that function, a chaplain by the name of Secina supervised it. He kept records, but he lost his life in 1944 on a Jap transport which was torpedoed. I do not know whether his records were left in the Philippines or not. He established a little graveyard in the plot of the ground within the five foot wall around the church. I cannot recall

Inf #3

CASE HISTORY FOR NON-RECOVERABLE REMAINS: (Cont'd)

NININGER, Alexander J. Jr.
1st Lt., O-23 761

definitely the exact spot where the graves were located, but I have indicated on the map the general area to the best of my recollection, and have also added some building structures to the drawing of the church. I estimate that about six burials were made and the burials were done under cover of darkness. I was not present at the burials." (*Italics supplied.*)

5. In view of the above information and the fact that the remains recovered by this headquarters from the Abucay churchyard were located outside of the five foot wall around the churchyard, a search team was dispatched on 9 May 1950 to undertake an extensive excavation of the area within the five foot wall around the church. The excavation yielded several remains. These were examined at the Central Identification Laboratory with the result that all of the recoveries were found to be Mongoloid.

6. All other applicable recoveries from Bataan were checked for possible association with Lt. Nininger but results were negative.

7. No information is at hand on which to continue the search for Lt Nininger's remains.

8. It is therefore recommended that the remains of 1st Lt Alexander J. NININGER Jr., O-23 761, be considered non-recoverable and that all records pertaining to search for and recovery of his remains be closed.

REPORT OF INVESTIGATION - ABUCAY CHURCHYARD, BATAAN
(Re: Alexander R. Nininger)

On 9 May 1950 in compliance with letter directive (Inclosure #1) and Special Orders #30 this headquarters, dated 8 May 1950 (Inclosure #2) I departed AGRS at 0700 hours with twenty five (25) laborers and proceeded to Abucay, Bataan arriving there at 1430 hours. We spent the rest of the day making a temporary camp in the front of the churchyard and preparing to begin the exhumation the following day. Work was started in the area marked as Plot 2 on the sketch (Inclosure #3). Trenches were dug approximately four (4) feet deep and two (2) feet wide at three and a half (3½) feet intervals in all places which were not covered by concrete tombs. Where the soil was soft and showed signs of having been disturbed the excavation was deeper. In this plot the trenches were dug parallel to the south wall. Eighteen (18) partial remains were recovered and since nationality could not be determined in the field, permission was obtained to return all of them to the Central Identification Laboratory for processing by the Anthropologist to determine nationality and perhaps identity.

After recovery of the remains mentioned above we backfilled and improved Plot 2 and proceeded to Plot 3 as shown on the sketch (Inclosure #3). We first dug a long trench adjacent and parallel to the south wall and then dug trenches similar to those in Plot 2 except that we dug them perpendicular to the south wall. This was indicated because the burials in that area had been made parallel to the wall and by digging trenches perpendicular to the burials we were sure of contacting all remains therein. A great many remains were found in Plot 3 but all had been buried in native wooden caskets and most of them were remains of small children. All remains encountered were distinctly Mongoloid.

A resident of Abucay reported having seen four (4) Americans buried near the mango trees in Plot 4 so that area was also excavated and carefully screened. However, when no remains were encountered, the informant admitted that he probably was mistaken about the burial.

During the entire disinterment the only items recovered to

indicate American nationality was a QM issue fork and several 30-caliber bullets. These items bore no connection to any of the remains found.

After exhausting all possibilities the entire area was levelled and grass and vines were collected and burned so that the churchyard presented a much improved appearance over that prior to this operation. We then returned to headquarters with the remains recovered from Plot 2 and with the understanding that after examination the remains which could not be identified as American would be returned to the churchyard and interred in a single grave. Several pictures of this operation are attached as Inclosure #4.

MEMORANDUM TO: Mr. Otto H. Kaufmann, DAC, AGRS-PZ

SUBJECT: Search and Recovery Mission

1. Your attention is invited to the attached letter and sketch giving details about the churchyard of the Catholic Church at Abucay, Bataan.
2. The Office of The Quartermaster General has directed that this organization make the detailed excavation of the areas included in Sections 2 and 3 of the sketch with a view to discovering the body of one Alexander R. Nininger allegedly buried therein in January 1942.
3. You are instructed to proceed to the Abucay churchyard with a detail of twenty-five (25) laborers and one (1) embalmer's aide for the purpose of accomplishing this excavation. You will establish temporary camp in the rear of the churchyard and remain at that site until the work is completed. One (1) weapons carrier and one (1) COE truck will be used to transport men, equipment and supplies to Abucay.
4. As stated in the attached letter clearance has been obtained from the Parish Priest of the church and from Mr. Enriquez, Municipal Sanitation Officer. The agreement is that if remains are encountered they will be examined to determine nationality and if American or if nationality is doubtful, they will be entirely exhumed and processed at the Mausoleum. Clearance must be obtained from Mr. Enriquez prior to removing any remains from the churchyard. Finally it has been agreed that those areas where concrete memorials have been placed over graves will not be investigated during this excavation.
5. You are instructed to be particularly cautious to insure that no untoward incident brings reflection upon the organization or upon the church and municipal authorities who are cooperating with us. Strict security of vehicles, supplies and equipment must be maintained and the political situation in that area indicates that all personnel on this mission must be retained in the immediate proximity of the temporary camp.

SUBJECT: Identification of World War II Deceased

Dept. of the Army, OQMG, Washington 25, D.C., 24 March 1950

TO: Commanding Officer, American Graves Registration Service, Philcom Zone, APO 900, c/o Postmaster, San Francisco, California

1. The reinvestigation recently conducted by your headquarters, as narrated in your 1st indorsement, has been carefully considered, however, a question of a complete and comprehensive search and recovery operation in the exact area indicated on the drawing of the Abucay Churchyard, (Incl #1), remains doubtful. The statement and drawing submitted to this Office by Lt Col John W. Raulston are clear and unquestionable. He states that Chaplain Secina "established a little graveyard in a plot of ground within the five feet wall around the church". This information agrees in every detail with statements received from other persons who were present at Abucay and who are now in the U. S. Paragraph 1, sub-paragraph 5 of 1st indorsement states that "(14) remains were recovered from Abucay Churchyard". These fourteen graves containing 2 Americans and 12 Philippine Scouts were located outside of the five foot wall around the churchyard and therefore were not within the churchyard. The difference between these two locations is clear and they cannot be collectively designated within the churchyard.

2. The resolution of this case is further dependent upon the information furnished to the next of kin of the officers involved. Fellow officers who survived and have returned to the U.S. have presented to the NOK a clear picture of interment in the Abucay Churchyard.

3. In view of the above, it is requested that a search and recovery team be dispatched to the Abucay Churchyard and that an extensive excavation of the location marked on inclosure 6 be undertaken. It is further requested that an accurate drawing be made of the churchyard and that the area excavated be accurately marked. In view of the numerous requests made to this Office by NOK, it is also requested that every attempt be made to expedite the above, and forward to this Office the results of your investigation.

1. Attached are additional Inclosures Nos. 10, 11 and 12 which pertain to the investigation at the churchyard at Abucay, Pataan in the search for the remains of 2d Lt. Alexander R. Nininger. In view of the fact that the only remains recovered in this extensive investigation of the churchyard proved to be Mongoloid, the conclusion must be drawn that the remains of Lt. Nininger have not yet been recovered or that his remains are among those now in custody of AGRS as unidentifiable unknowns.

2. Since no information is at hand on which to continue the search for Lt. Nininger's remains nonrecoverable action in the case of this casualty will be forwarded by the Zone Board of Review.

(28 November 1949)

SUBJECT: Identification of World War II Deceased

HEADQUARTERS, AMERICAN GRAVES REGISTRATION SERVICE, PHILCOM ZONE
APO 900 7 March 1950

TO: The Quartermaster General, Department of the Army, Washington 25,
D.C., ATTN: Memorial Division

1. The following are the reinvestigation findings pertinent to the cases of 1st Lt. Kenneth L. Wilson and 2nd Lt. Alexander R. Nininger:

a. Case of Lt. Wilson:

(1) A thorough check of all Abucay recoveries does not reveal any Unknown which could be associated with the deceased on the basis of favorable comparisons of physical and dental characteristics.

(2) The information furnished by Mr. Lee C. Brooks definitely precludes the possibility of associating Unknown X-1572 with Lt. Wilson. The statement of Mr. Jose Yondoc may be discounted since he recalls the name of the deceased only as "1st Lt. Wilson" and the first name is unknown. The previous association, however, was established on the basis of information furnished by your office to the effect that Lt. Kenneth L. Wilson is the only Wilson listed as killed in action in the area where the Unknown was recovered and within the dates indicated as the approximate date of death of the Unknown.

(3) In view of the negative findings, the case of Lt. Wilson is currently under process as Non-recoverable and Unknown X-1572 is being considered as Unidentifiable.

b. Case of Lt. Nininger:

(1) After a re-study of this case, it was determined that no other Unknown could be positively associated with Lt. Nininger aside from Unknown X-4685. The identification data for all the other Abucay Unknowns, most particularly those recovered from the immediate vicinity of the Abucay church, were carefully screened with unfavorable results.

(2) The information that Lts. Nininger, Wilson, Maynard, Compton, Green and Capt. Meyer were interred in the churchyard at Abucay has been found to be inconsistent with the fact that the remains of Capt. Adolph E. Meier (correct name of Capt. Meyer) were disinterred from US Army Cemetery No. 3, Mariveles, Bataan.

C O P Y

GRPZ 293

(28 November 1949)

SUBJECT: Identification of World War II Deceased Cont'd

A check made by your Office does not show a casualty listed as Capt. Meyer who was killed in action in Bataan.

(3) The information furnished by Lt. Col. John W. Poulston, MC, and Mr. Lee C. Brooks does not positively establish the fact that either Lt. Nininger or Lt. Wilson was buried in the spot shown on enclosed diagram since neither of the two informants was present personally when the burials were made under the supervision of Chaplain Secina.

(4) The foregoing findings, therefore, give way to the probability that the body of Lt. Nininger was buried in Grave 9 of the Abucay Cemetery from where Unknown X-4685 was disinterred. On the other hand, it is also probable that the team which made the recovery of Unknown X-4685 might have arbitrarily named the place of recovery as "Abucay Cemetery". It is believed that the agreement in the grave number is sufficient basis to establish the association of this Unknown with Lt. Nininger since two probabilities clearly exist with regards to the exact place of burial of the deceased.

(5) Moreover, available records in this Headquarters show that fourteen (14) remains were recovered from Abucay churchyard, only two (2) of which are Americans - Capt. H. A. McCurdy, O-28378 (identified by tag) and Unknown X-1671, AGRS Mausoleum (formerly X-3431, Manila #2). The rest are those of PS soldiers. No other recoveries are carried on our records as recovered from the churchyard. According to the next of kin of Lt. Nininger an officer personally saw the decedent's grave sometime in 1945. Several searches have since been conducted in that area and there is no doubt that the remains of subject deceased have been recovered as an Unknown and there is very little possibility for our search teams to overlook that grave located in such a very prominent place.

(6) In view of the above, it is the opinion of this Headquarters that the remains of Unknown X-4685 are in reality those of Lt. Nininger. The Board Proceedings are being returned herewith for a reconsideration.

2. In the event that the resubmittal of our previous recommendation in the case of Lt. Nininger is not acceptable to your Office, it is requested

GRPZ 293

(28 November 1949)

SUBJECT: Identification of World War II Deceased Cont'd

that this Headquarters be so advised as soon as practicable to allow an early resolution of the case as Non-recoverable.

EXTRACT COPY OF INFORMATION CONTAINED IN 1ST IND TO OCMG, WASH DC FR
HEADQUARTERS, STATION HOSPITAL, 1301ST ASU, FORT MONMOUTH, NJ, DTD
5 NOV 1949

I have personal knowledge concerning the death of several officers at Abucay. I was in command of a medical collection station located in the Catholic church in the early part of the Bataan campaign....

In regard to the burials, when it became necessary for the front line units to take care of that function, a Chaplain by the name of Secina supervised it. He kept records, but he lost his life in 1944 on a Jap transport which was torpedoed. I do not know whether his records were left in the Philippines or not. He established a little graveyard in the plot of ground within the five foot wall around the church. I cannot recall definitely the exact spot where the graves were located, but I have indicated on the map the general area to the best of my recollection, and have also added some building structures to the drawing of the church. I estimate that about six burials were made there. The burials were done under cover of darkness. I was not present at the burials.

EXTRACT COPY OF INFORMATION OBTAINED IN A TELEPHONE CONVERSATION BETWEEN CAPTAIN VOGL, REPATRIATION BRANCH, MEMORIAL DIVISION AND MR. LEE CULVER BROOKS:

.....Lt. Wilson and another officer were killed while riding in the back seat of a jeep in the outskirts of the town of Abucay. Mr. Brooks came into Abucay an hour or so after the death of these officers and went to the jeep to view the remains. Mr. Brooks knew Wilson very well having gone to the same highschool. He said that the jeep was evidently ambushed and the bodies of both men were nearly severed in the middle by machine gun fire. Mr. Brooks said that having been near Abucay all day and not having seen or heard any planes, it is hard for him to believe that Wilson was killed as a result of a bombing raid.....

Mr. Brooks feels that the burial was made in the church....cemetery at Abucay. His reason for this feeling is due to the fact that all units were endeavoring to escape to Bataan and it hardly seems logical that with shortage of supplies and equipment, they would transport the bodies of these two officers any long distance from the place of their death.

.....He definitely identified Wilson from a long personal acquaintance with him. Mr. Brooks does not know what happened to the driver of the jeep. On the other hand, he said that the jeep may have been driven by Wilson or the other officer and both men crawled into the back seat for protection.

Memorial Division

Dear Col. Metz:

Reference is made to your letter of 19 October 1949. Inclosed overlay is not suitable. The undersigned will answer questions asked in letter dated 28 September 1949.

1. On 12 Jan 1942 the 57th Inf. Regt. Philippine Scouts was in a defensive position astride the main north-south road, Mabatang, Bataan, P.I. Lt. Nininger was assigned to Company A. During the early morning of 12 Jan 1942 the Japanese attacked the 3rd Bn. and broke through Company K's position. Lt. Nininger voluntarily attached himself to K Company and was killed in action about 3/4 mile west of Mabatang while assisting Company K in retaking its lost ground.
2. Other casualties were also involved. The undersigned does not remember ~~the~~ their names.
3. The undersigned was not present at the burial of Lt. Nininger.
4. The undersigned cannot furnish any information concerning the number of graves in the immediate area.
5. The undersigned cannot furnish names of individuals who witnessed the burial.
6. The undersigned can not mark the location of Lt. Nininger's burial on the drawings.

The undersigned knows where Lt. Nininger was killed and can mark the location on a suitable map. The undersigned removed a West Point class ring from Lt. Nininger's body. It may be that Lt. Nininger was buried where he was killed.

1. It has come to the attention of this Office that you may have personal knowledge concerning the circumstances relative to the death of 1st Lt. Alexander R. Nininger, Jr., O-23761.

2. Since this Office is currently attempting to recover and identify the remains of Lieutenant Nininger, the information which you possess may serve as a valuable aid in our investigation. Therefore, it will be greatly appreciated if you can furnish this Office a statement of the facts in this case with particular emphasis on the following information:

a. What were the circumstances surrounding the death of Lieutenant Nininger?

b. Were other casualties also involved? If so, can you recall their names?

c. Were you present at the burial of Lieutenant Nininger? If so, can you furnish a detailed description of the burial site with relationships to any prominent landmarks?

d. Can you furnish any information concerning the number of other graves in the immediate area?

e. If other individuals witnessed the burial, can you furnish their names?

1. I have personal knowledge concerning the death of several officers at Abucay. I was in command of a medical collecting station located in the Catholic church in the early part of the Bataan campaign. At this time I can recall the name of only one, McCurdy, a dental officer killed by a bomb near the church. There was another officer killed by the same bomb. He was sitting on a motorcycle at the time. There was another officer who had been shot in the head by a Jap sniper, brought in to the collecting station at another time, and another who had stepped on a land mine and was killed by the explosion, but this one was a Major. I vaguely recall his name being Freidman, but am not sure. There were one or two others killed in their foxholes by snipers whose bodies could not be retrieved for awhile. I am not sure now that we ever recovered them; if so, they were probably buried on the spot.

2. In regard to the burials, when it became necessary for the front line units to take care of that function, a Chaplain by the name of Secina supervised it. He kept records, but he lost his life in 1944 on a Jap transport which was tor-

pedoed. I do not know whether his records were left in the Philippines or not. He established a little graveyard in the plot of ground within the five foot walk around the church. I cannot recall definitely the exact spot where the graves were located, but I have indicated on the map the general area to the best of my recollection, and have also added some building structures to the drawing of the church. I estimate that about six burials were made there. The burials were done under cover of darkness. I was not present at the burials.

3. I do not recall the name of Lt. Nininger. I submit the above information thinking that he may have been one of the group whose names I do not recall. Is there any information about it that might be supplied to me as a clue in identifying him in my memory other than the report that he was buried in Abucay?

re: QMGMT 293
Nininger, Alexander R. Jr.
1st Lt, O-23761

293

Dear Sir:

In regard to your request of September 28, 1949, regarding First Lieutenant Alexander R. Nininger, Jr., I can furnish you with the following information:

1. Lieutenant Nininger was shot by Japanese snipers and brought into the hospital at Abucay, Luzon, P.I. and was found to be dead on admission.
2. There were other casualties but I do not remember their names.
3. I was not present at the burial of Lieutenant Nininger.
4. If I can recall correctly, Lieutenant Nininger was buried in the immediate vicinity of the church of Abucay, probably in the church yard.
5. Father Secina officiated. Unfortunately Father Secina is deceased.
6. Lt. Colonel John Raulston, Medical Corps, was also present at the time that Lieutenant Nininger met his death. Lt. Colonel Raulston is in the regular army and is in active duty some where here in the United States.

This is about all the information that I am able to give you regarding the circumstances of Lieutenant Nininger's death and burial. I do not think that Lieutenant Nininger was buried in the Abucay cemetery and I am quite certain that he was buried in the vicinity of the church yard. As to the exact point where he was buried, I am afraid I am not able to furnish this information. I am

Sincerely,

Harold M. Imerman, M.D.

SUPPLEMENTAL CASE HISTORY FOR REMAINS CONSIDERED IDENTIFIABLE

NININGER, Alexander R., Jr., 2nd Lt., O-23761
UNKNOWN X-4685, AGRS Mausoleum, Manila, P.I.
(Formerly X-1130, USAE Cem. Manila #2, P.I.)

BASIS FOR DECLARING REMAINS IDENTIFIABLE

1. The following are additional findings and results of further investigation to support and supplement previous recommendation that the remains of UNKNOWN X-4685 be identified as those of 2nd Lt. Alexander R. NININGER, Jr., O-23761:
 - a. Letter from Herbert B. Maynard, dated 10 Sept. 1946, indicates that Lt. NININGER, Lt. Maynard, Lt. Kenneth Wilson, Lt. Compton, Lt. Green, and Capt. Meyer, casualties of the 57th Inf., were buried behind the south wall in Abucay Churchyard. (See Incl. 4).
 - b. OQMG Form 371 for Lt. NININGER was compared with available records of all the other Unknowns recovered behind the south wall in Abucay Churchyard with negative results. (See Incls. 5A, B & C).
 - c. UNKNOWN X-1359, a recovery from Cuitol 33rd Inf., P.S. Cemetery, Bataan, has been recommended for identification as that of Lt. David W. Maynard. (See Incls. 6A and B).
 - d. UNKNOWN X-1572, a recovery from an isolated grave at San Pedro St., Hermosa, Bataan, has been recommended for identification as that of Lt. Kenneth Wilson. (See Incls. 7A and B).
 - e. Capt. Meyer was a Known recovery from Mariveles Cemetery #3, Bataan, P.I. (See Incls. 8A and B).
2. With reference to paragraph 3, OQMG letter, file QMGM 293, UNKNOWN X-4685, AGRS Mausoleum, Manila, P.I., 17 February 1949, subject: Identification of Unknown Deceased, the following are the findings which resulted in the reinvestigation to clarify the grave number in question. (See Incl. 2).
 - a. Original ROI for UNKNOWN X-4685 indicates the remains were disinterred from Grave 9, Soldiers Row, Abucay Cemetery. The Report of Disinterment indicates remains were disinterred 18 Jan 1946. (See Incl. 3A and B).

COPY

SUPPLEMENTAL CASE HISTORY FOR REMAINS CONSIDERED IDENTIFIABLE. (Cont'd)

NININGER, Alexander R., Jr., 2nd Lt., O-23761

b. Further search of records discloses a remains were recovered from Grave 9, Army Personnel Row, Abucay, Bataan, Luzon, P.I. The remains were identified as Pfc. Tranquilino Beles, 6738585, by means of a round tag found during disinterment. (See Incl. 9).

c. Dental record on OQM Form 371 for Lt. NININGER does not compare favorably with dental chart for the remains recovered from Grave 9, Abucay Churchyard and identified as Pfc. Beles. (See Incls. 1 and 9B).

d. In view of the above, it is believed that remains of UNKNOWN X-4685 recovered from Grave 9, Abucay Cemetery, are those of Lt. NININGER. (See Incls. 10A and B).

3. In view of the facts mentioned above and favorably comparison of dental data stated in previous case history, it is recommended that the remains of UNKNOWN X-4685, AGRS Mausoleum, Manila, P.I. (Hanger 810, Bay B, Crypt 451), be identified as those of 2nd Lt. Alexander R. NININGER, Jr., O-23761.

HEADQUARTERS, PHILIPPINES COMMAND, APO 707, 1 April 1949

TO: The Quartermaster General, Department of the Army,
Washington 25, D. C., ATTN: Memorial Division

1. The case of 1st Lt. Alexander R. Nininger, Jr.,
O-23761, is currently being re-investigated simultaneously
with the cases of the other officers reported buried behind
the south wall of the Abucay Church.

2. Your attention is invited to inclosed copy of
letter from the father of Lt. David Maynard, one of the
officers buried together with Lt. Nininger in the Abucay
churchyard.

3. With reference to paragraph 3, basic letter, a
further study of the case of Lt. Nininger resulted in the
conclusion that the grave locations are the same; hence, it
is believed unnecessary to conduct a search in the aforementioned
locality inasmuch as several searches have already been made
in that vicinity and that the Bataan Area has been closed to
search operations.

(X-1130, USAF Manila #2, P.I.)

SUBJECT: IDENTIFICATION OF UNKNOWN DECEASED

TO : Commanding General
Philippine Command
APO 707, c/o Postmaster

ATTENTION: AGRS, PHILCOM ZONE

1. Reference is made to Board Proceedings for Unknown X-4685, AGRS Mausoleum, Manila, P.I., formerly X-1130, USAF, Cemetery Manila #2, P.I., dated 8 December 1948, recommending the identification of these remains as 1st Lt. Alexander R. Nininger, Jr. O-23 761.

2. A review of the case reveals that the estimated height for these remains is not in agreement with Army Records for Lt. Nininger. Although dental comparison is not unfavorable, other remains recovered with X-1130 from this vicinity also reveal favorable dental characteristics which could be associated with Lt. Nininger.

3. Information furnished this Office by father indicates that Lt. Nininger was interred in grave nine behind the south wall of the Abucay Church. Remains of X-1130 were recovered from grave nine Soldiers Row, Abucay Cemetery. It is requested that this Office be advised whether these locations are in same.

4. In the event that these grave locations are not similar, it is requested that the area behind the south wall of the Abucay Church be investigated in an effort to recover the remains of 1st Lt. Nininger, O-23 761.

5. Revised OQMG Form 371 for subject deceased is inclosed as an aid to identification. Board Proceedings are suspended.

SUBJECT: Identification of Unknowns

TO: The Quartermaster General
Department of the Army
Washington 25, D. C.
ATTN: Memorial Division

1. Proceedings of the Board of Review, PHILCOM Zone, AGRS, for the following unknowns are forwarded herewith with recommendation that identification be approved:

X-4685 as NININGER, Alexander J., Jr. 2nd Lt. 0-23 761
AGRS Mausoleum, Manila, P. I.
(BTB NININGER, Alexander R., Jr.)
(Formerly X-1130, USAF Cem. Manila #2, P. I.)

X-3005 as WALLS, William J. B. Pfc. 38 508 658
AGRS Mausoleum, Manila, P. I.
(Formerly X-111, USAF Cem. Santa Barbara #1, P. I.)

2. The first of the above two cases was recovered 11 December 1945 as a BTB known. He was killed in action in the town of Abucay, Province of Bataan, 12 January 1942. Lt. Nininger was an officer of the 57th Infantry (PS) and was the first Medal of Honor winner in World War II. The second case is that of a 43rd Infantry Division casualty, KIA 17 January 1945, and originally interred in USAF Cemetery San Fabian No. 1, Luzon, P. I., on 22 January 1945 as Unknown X-3.

CASE HISTORY FOR REMAINS CONSIDERED IDENTIFIABLE

NININGER, Alexander J., Jr., 2nd Lt., O-23 761
UNKNOWN X-4685, AGRS Mausoleum, Manila, P.I.
(BTB NININGER, Alexander R., Jr.)
(Formerly X-1130, USAF Cem. Manila #2, P.I.)

BASIS FOR DECLARING REMAINS IDENTIFIABLE

1. Time, place and cause of death of UNKNOWN X-4685 indicated on the ROI are in agreement with those of 2nd Lt. Alexander J. NININGER, Jr. indicated on OQMG Form 371. (See Incls. 1 and 2).

2. Information contained in a letter from A. R. Nininger, next of kin, states that 2nd Lt. Alexander J. NININGER, Jr. was buried in the churchyard of Abucay, Bataan, P.I., in a grave marked No. 9, which is in agreement with the place of recovery of UNKNOWN X-4685 (formerly interred at USAF Cem. Manila #2 as Unknown X-1130, BTB NININGER, Alexander R., Jr. (See Incls. 2, 4 and 6).

3. Branch of service, grade and organization listed on ROI and ROS for UNKNOWN X-4685 are in agreement with data indicated on OQMG Form 371 for 2nd Lt. Alexander NININGER, Jr. (See Incls. 1, 2 and 4).

4. Circumstances of death, recovery and burial of UNKNOWN X-4685 are in agreement with data on OQMG Form 371 for 2nd Lt. NININGER, Jr. (See Incls. 1, 2, 3, and 5).

5. Dental chart of UNKNOWN X-4685 shown on QMG Form 1044a compares favorably with that of 2nd Lt. Alexander NININGER, Jr. indicated on OQMG Form 371. (See Incls. 1 and 4).

6. It is recommended that the remains of UNKNOWN X-4685, AGRS Mausoleum, Manila, P.I. (Hanger 810, Bay B, Cypert 451), be identified as those of 2nd Lt. Alexander J. NININGER, Jr., O-23 761.

Address Reply To
THE QUARTERMASTER GENERAL
Attention: Memorial Division

Mr. A. R. Nininger
222 Southeast Tenth Street
Fort Lauderdale, Florida

Dear Mr. Nininger:

Your letter to the Adjutant General's Office concerning your son, the late Second Lieutenant Alexander R. Nininger, Jr., has been referred to this office.

Although no conclusive information is available as to the recovery and the identification of the remains of your son, remains have been recovered and interred in the United States Armed Forces Cemetery #2, Manila, Philippine Islands, which may be those of your loved one. An investigation is now being conducted in order to determine beyond a shadow of a doubt, the identity of those remains. Upon the conclusion of this investigation, you will be informed of the results.

The War Department has now been authorized to remove, at Government expense, to the final resting place designated by the next of kin, the remains of those American citizens who died while serving overseas with our armed forces during this war.

When the necessary preliminaries have been completed, a letter with an information pamphlet and a "Request for Disposition" form attached will be sent to the next of kin of those American dead. The "Request for Disposition" form, when properly filled out, will constitute the formal expression of the next of kin's detailed desires. Since letters to next of kin will be dispatched automatically and according to the records here, communications with this office regarding this subject will not be necessary. The necessity for complete coordination of movement in many parts of the world makes it impossible, at this time, to estimate when these forms will be mailed. Responses to them will be acted upon with a minimum of delay.

Since authority for interment at West Point is under the jurisdiction of the Superintendent, United States Military Academy, West Point, New York, you are advised that request for interment of the remains of your son should be made of that office.

Memorial Division

Dear Sir:-

We received a letter from your office stating that they had no record of the burial place of my son which certainly was surprise. We have waited five years for information confirming reports from other sources as to his grave.

For your information a quotation from Col George S. Clarke of the 67th Infantry:

"Davids remains were brought back to the Church in the town of Abucay, Province of Bataan, P. I. Five of my brave young officers were buried on that same day in that same Church Yard. Chaplain Scecina performed the burial rites.

For your personal information, David is buried in Grave #6 behind the South Wall of the Abucay Church, in the Churchyard."

This letter was practically been confirmed by Maj. Franklin O Anders also of the 57th Infantry. I quote Maj. Anders,

"In the first four days we lost your son, Lt. David Maynard, Lieut Ken Wilson, Lt. Compton, Lt. Green, Lt. Nininger, and Capt Meyer.

Father Scecina conducted Services at the graves of American Officers killed at Mabatang in the Abucay Church Yard."

I know the Church at Abucay was destroyed, but boys who came back from the prison camps, state that on the death march they saw five or six graves with markers at the Abucay Church.

I believe these facts will give you something to work on. Mrs. Maynard requested a information pamphlet (The Gold Star Mothers received some copies) which your office was reluctant to send, I suppose they are reserved for a few, but not for all Gold Star Mothers.

Cordially,

Herbert Blair Maynard

Sept. 3, 1946.

The Adjutant General
War Department
Washington D.C.

Dear Sir :-

Due to communications I have received, and to the disturbing nature of the information they contained, regarding the grave and remains of my son -

Lieut. Alexander R. Ninninger Jr. O-23761
57th. Inf. Philippine Scouts, U.S. Army

Killed in action Jan. 12, 1942 near Abucay, Bataan.

(Awarded, posthumously, the first Congressional Medal Of Honor of World War II.),

I am quoting, attached hereto, this information, knowing that you will see that the matter is investigated, and will request that as quickly as my son's remains are officially identified, that you will notify me, giving the location and the number of the grave.

It is the desire of Mrs. Ninninger and myself, that his remains be brought back to this country, and if it can be so arranged, to be buried at West Point.

We will anxiously await your reply.

Very Truly,

W B/A 20 SEP 1946 m.k.

To the Adjutant General, Washington D.C. (2)

Lieut. Alexander R. Nininger Jr. O-23761 .

Quoting from letter received from Col. George S. Clarke, dated Feb. 20, 1944 :

" Sandy's remains were carefully brought to the church in the town of Abucay, Province of Bataan, the Philippines. Captain Cecina, Chaplain 57th. Inf. held a reverent and beautiful service for him. He is buried in grave No. 9 behind the south wall of the Abucay church, beside many of my fine brave young officers who also died in that same action. Men of his company carefully placed the exotic flowers of the Philippines upon the wooden cross that marks his last resting place. I was present personally for your son's funeral services. It was beautiful and reverent, honoring a man that I loved, and one of my fine young officers, and a brave man. I may say that his men loved him too, and his memory will live with them as long as they live."

Col. Clarke advises that a copy of this letter was sent to you at the time it was written.

Dated June 2, 1946.

Quoting from letter received from Mrs. C. W. Cole, (widow of the late Col. Casper W. Cole U.S.A. retired) whose grandson is Maj. Ralph M. Calkin O-341614, 507 QM Bn, then stationed in the Philippines. I had asked her to have him secure a photo of Sandy's grave.) :

"... Last time I heard from him (Calkin) he said Lt. Moore (Lt. E. M. Moore, officer in charge U.S. Cemetery No. 2, Manila) was trying to verify No. 9 as Sandy's grave and that he had the new number which is grave No. 2836 in Manila No. 2 cemetery."

Quoting from letter from Mrs. Cole, dated Aug. 2, 1946 :

"... My grandson was here to see me last Tuesday. When he left Manila about a month ago, the verification in regard to Sandy's grave had not been received from Washington. He said the records at Manila now read 'Probably Lieut. Nininger'. The part of skull with teeth have been sent to Washington, as that is the only positive identification they will accept. In that space where Sandy was originally buried, only one class ring had been found, but I told him I am under impression that Col. Clarke wrote that Sandy's ring had been removed for safe keeping, therefore I wonder if the one found belonged to Ira (Cheaney, class mate at West Point) Maj. Calkin says it usually takes about a year to verify any of those skulls and teeth, but he thinks as he told them it was assumed to be Lt. Nininger, it may hasten matters."

*no record of ring
received in Dept. 7.*

Re: 64908I

Dear Sir :-

This will acknowledge receipt of your letter of Mar. 21st., in which you advise that some personal effects which belonged to my son, the late Lt. Alexander R. Nininger Jr., are being forwarded to me to Lake Worth Fla.

My permanent home address is as above, since my recent retirement, so you may alter your records accordingly.

If the carton you mention has been shipped to Lake Worth, it will be forwarded to me here.

I thank you for your letter, and for your efforts in my behalf.

Very Truly

Dear Mr. Nininger:

The Army Effects Bureau has received from overseas some personal effects of your son, First Lieutenant Alexander R. Nininger, Jr.

These effects are being forwarded to you in one carton.

If, by any chance, the property has not reached you at the expiration of thirty days from this date, please notify me and tracer will be instituted.

The action of this Bureau in transmitting personal effects does not, of itself, vest title in the recipient. Such property is forwarded for distribution according to the laws of the state of the officer's legal residence.

I regret the circumstances prompting this letter, and wish to express my sympathy in the loss of your son.

Yours very truly,

HARRY NIEMIEC
2nd Lt., QMC
Chief, Adm. Division

A. R. NININGER
22 S. E. 10th Street
Ft. Lauderdale, Fla.

Feb. 5, 1946

Dear Mrs. Cole:-

We were very glad to get your letter, and we appreciate so much the efforts of your grandson Maj. Calkin, to secure a photograph of Sandy's grave at Abucay, Bataan, and the information he secured. We did not know that the graves at the church yard at Abucay had been moved as yet, though we knew that plans were under way to properly arrange the American cemeteries.

In explanation of the difficulty he had in securing information, I will explain that we were advised that as the Japanese would violate the graves of officers or any soldiers who were recorded as having injured them in their efforts, the graves of such soldiers location and number was given to us and is so recorded in Washington. Sandy was buried on Jan. 13th. 1942, with full military honors, in the church yard at Abucay, and his grave marked No. 9.

The eight others buried there at that time, and those subsequently were officers of the 57th Inf. Some of them Sandy's pals.

A full description of the burial ceremonies was first given to us by letter, then, by Col. George S. Clarke, commander of the 57th Inf. who had escaped from the Philippines, and who called on us. He was present at the burial. The Chaplain's name was Cecine.

This description was also verified to us recently, by two officers of Sandy's regiment, who were released from Japanese prison camps, and who came to see us; Maj. H. M. Imerman and Capt. Wm. P. Cain.

We also were notified that the Governor of Bataan, had promised that his people would always keep flowers on Sandy's grave, and monument to Sandy. About six months ago, a staff officer who I met in palm Beach where he gave a lecture, told of a recent inspection trip of the Philippines, and how they paused at Abucay to see Sandy's grave, and it was covered with beautiful flowers, called Cadena d' Amor (Chain of love).

Those at Manila in charge of the new cemetery, probably did not have all the information, but names will be used on the graves when they are properly arranged. We are glad to know that Lt. Moore is in charge of the cemetery and will look after Sandy's grave.

I am enclosing a copy of a letter we received from Maj. Yeager. He was Sandy's captain. We recently received a fine letter from General Wainwright. I am returning herewith the letter from Maj. Calkin.

I gave Jack your message. He has a new boat; "Amigo II" and is very busy as the fishing season is in full swing. He sends this regards. Glad to hear that you are feeling well.

Mrs. Nininger sends her love.

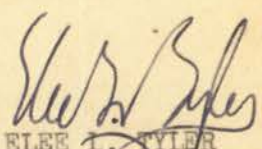

Sincerely,

A TRUE COPY

A TRUE COPY:

ELEE I. TYLER
Major, Inf.

Enc. 1.

February 20, 1944.

Mr. Alexander R. Nininger,
P. O. Box 431,
Lake Wales, Fla.

My dear Mr. Nininger:

I this date received from the Adj. General, U. S. Army, your letter of January 25, 1944, and his authorization to answer the questions concerning your Son, Lt. A. R. Nininger, Jr. which you asked in that letter. I will answer the questions as you asked them.

QUESTION I.

"Please describe in detail: Sandy's action in which he lost his life. What effect his action had on the situation at that time?"

ANSWER - The date, January 12, 1942 which I retain in my memory as the date he was killed was the day of a continuing series of attacks made by the Japanese on the 57th Combat Team Sector under my command on the right of the line at Abugay on Bataan. The two Bns of the 57th Inf. were on the main line of resistance; the 1st Bn. on the right, the 3rd Bn. on the left. The first attacks made by the Japanese on Bataan were made against this Sector. Eleven Japanese attacks were made on this position principally on the 3rd Bn. of the 57th Inf. in an endeavor to rupture the line between it and the junction with the 41st Division on its left. The Japanese attacked in a series of suicidal frontal attacks all night long night after night. The first night wave after wave of Japanese threw themselves at our position in a successful attempt to gain two objectives, 1st, to destroy our land mines built by the engineers in front of our position, and, 2nd, to infiltrate snipers into our position. To understand this situation, I should explain that the Japanese attacked all night, night after night, but retired in the day time when we found ourselves pinned to our foxholes during the daylight hours. We estimated that after the first attack the Japanese had successfully placed 1,000 snipers between the regiment's main line of resistance and the REEL 2,000 yards in the rear.

The Japanese constantly attacking at night succeeded on the second night in throwing wave after wave of men on the barb wire in front of our position thereby forming a human bridge of dead Japanese over the wire for use by their men in their 3rd suicidal attempt to take the position.

The first night of the attacks on Bataan, the Japs successfully folded the flanks of our 3rd Bn. and the 41st Division on the left, pushed the snipers mentioned before through our position and occupied some of the foxholes of Co. K., 3rd Bn., 57th Inf. A counter attack by three companies of the 2nd Bn., 57th Inf. successfully retook the lost position. The fourth attack by the Japanese was also successful, they having gained the same objective.

Mr. Alexander R. Nininger, February 20, 1944.

The Reserves of the 57th Inf. having been committed, two Bns. of the 21st Division P. A. were attached to the 57th Inf. These two Bns. then regardless of snipers made the first and only attack on Bataan under a rolling barrage and reestablished our front line.

Eleven attacks in all were made against this position. Japanese forces in our immediate front withdrew after these attacks and later as you know selected a position in the Mountains where there was no artillery to make their successful break through which caused the entire Abucay-Moron line to retire to the line Pilar BIGAC.

I have given you the above sketchy outline of our situation in order to show you why Sandy's actions followed. It must be remembered that Officers and men through well trained were actually green troops under battle conditions. With the exception of myself no single Officer or man in the entire Combat Team, Inf. artillery, engineers or medical corps had ever been under fire. The bizarre and extraordinary tactics of the Japs confused and amazed us all. Fire-crackers and drums - wild attacks seemingly going nowhere - whole companies of Japanese showing themselves in front of fields of cane merely to draw our fire to establish our machine gun installations. The lack of flares to light up No Man's Land combined with the weird and unearthly screams in the native Filipino language by the snipers who had established themselves in trees inside of our position makes it in retrospect seemly almost impossible that the troops held on as they did.

Your Son was in the First Bn., 57th Inf. and, therefore, to justify his death in the area of Co. K., 3rd Bn., 57th Inf. I must explain the situation of the 1st Bn. In order that the Japanese forces be stopped from attempting to go around the right flank of the Sector by swimming or in boats, companies A. & B. 1st Bn. took up positions along a two mile fish pond dike which extended through the mangrove trees to establish fields of fire in front of the position. As it turned out these two companies on the dikes were never attacked except by a constant strafing by Japanese planes. The dikes were about six feet high and about three feet wide. Individual standing foxholes were built for the men the length of the dike. At this point I might tell you that I visited this position nightly during the construction and I saw no one as happy as your Son, Sandy during this particular time. The difficulties of supplies, food, water and ammunition and lack of sleep apparently agreed with him. His enthusiasm and delight in my praise of his efforts were contagious. At that time his attitude struck me as the attitude of a soldier who at last was doing the job he had been trained to do.

Again this position was never attacked and the Officers from the very first attack were constantly volunteering for all sort of missions which would help the 3rd Bn. and their own Co. C. on the mainland which was also under constant attack. Capt. A. W. Wermuth, commanding the machine gun Co., Co. D., 1st Bn. was the first available Officer since his Co. was attached to the companies on the front line. Sandy received permission to go sniper hunting on the 10th and 11th of January. Please picture the situation again in his organization. No sleep for nights on end - only a standing foxhole in which to rest during the day. The tired, worn feeling

(3)

Mr. A. R. Mininger, February 20, 1944.

and under constant anxious strain, and with the news on the morning of January 12th that our lines as described above in Co. K's Sector were ruptured, and that more Japanese snipers had infiltrated into our position.

You have, of course, read of the marvelous ability of the Japanese to construct sniper nests in trees. I have personally walked up to a bole of a tree, looked up into the branches and seen absolutely nothing, yet in that same tree six Japs were killed while I was still in that vicinity. Three members of the 57th Inf. also sniper hunting walked into and stepped upon a group of fifty Japanese soldiers magnificently camouflaged lying prone upon the ground. They killed all fifty without one moving a muscle while they were alive.

Sandy received my permission to go forward in the 3rd Bn. Sector with two of his men. He was loaded down with grenades and with a Gerand rifle slung over his shoulders. He carried under his arm a Japanese "Tommy Gun". Instead of concentrating on snipers in his own area, he evidently decided that there were more Japs in the area behind Co. K. Many reports of his action and the action for which I recommended him for the Congressional Medal of Honor were reported to me by the Company Commanders of L. and M. Companies as well as other corroborating reports from men in Co. K.

To the best of my remembrance of those reports, Sandy shot his first Jap out of a tree and as the Jap's body fell at his feet he was so excited he stood up in the face of terrific rifle fire and yelled like a school boy. He apparently was wounded at that time since his leg was apparently bandaged. From then on Sandy apparently went berserk. He threw grenade after grenade. Men of Co. K. counted some 20 Japs killed by his grenades. Our counter attack was succeeding and their artillery laid down a fearful barrage. Many reports of further action by Sandy were then made by the 2nd in command of the 2nd Bn. 57th Inf. making the counter attack to regain Co. K's position. Sandy apparently had used up all of his Jap ammunition and was now using his bayonet and leaping from one shell hole to another. At this time he was wounded a second time since a first aid man crawled to his assistance. Sandy must have had a premonition that he was going to die because the first aid man could not hold him in that shell hole. His final action as described by this same officer was when he saw Sandy wounded again and when he seemed to be staggering from loss of blood, three Japs charged toward him with bayonets. He killed all three of them and apparently fell from exhaustion and weakness. From the reports of the first aid men when they crawled to him, he was dead and a dead Jap Officer lay across his legs. I cannot tell you how many of the enemy Sandy accounted for but this I will say, his personal actions at this particular time cannot possibly be evaluated. Suffice to say his action acted like a tonic on the men around him and added greatly to the success of our counter attack.

Your Son died a real hero. He was recklessly brave, and the action in which he gave his life to his country proved. Posthumous medals or honors which you receive can never make up to you the loss of your dear Son. The fact that he was so brave and fine and that he received the first Congressional Medal of Honor awarded in this war must in some measure help to heal the wound of his passing.

(4)

Mr. Alexander R. Nininger, Feb. 20, 1944.

QUESTION 2.

"Describe his funeral and location of grave. Full name of Chaplain, and is Chaplain known to be alive now?"

ANSWER - Sandy's remains were carefully brought to the church in the town of Abucay, Province of Bataan, The Philippines. Captain Cecina, Chaplain 57th Inf. held a reverent and beautiful service for him. He is buried in grave No. 9 behind the South wall of the Abucay Church beside many of my fine brave young Officers who also died in that same action. Men of his Company carefully placed the exotic flowers of the Philippines upon the wooden cross that marks his last resting place. I was present personally for your Son's funeral services. It was beautiful and reverent, honoring a man that I loved, one of my fine young Officers and a brave man. I may say that his men loved him too, and his memory will live with them as long as they live.

QUESTION 3.

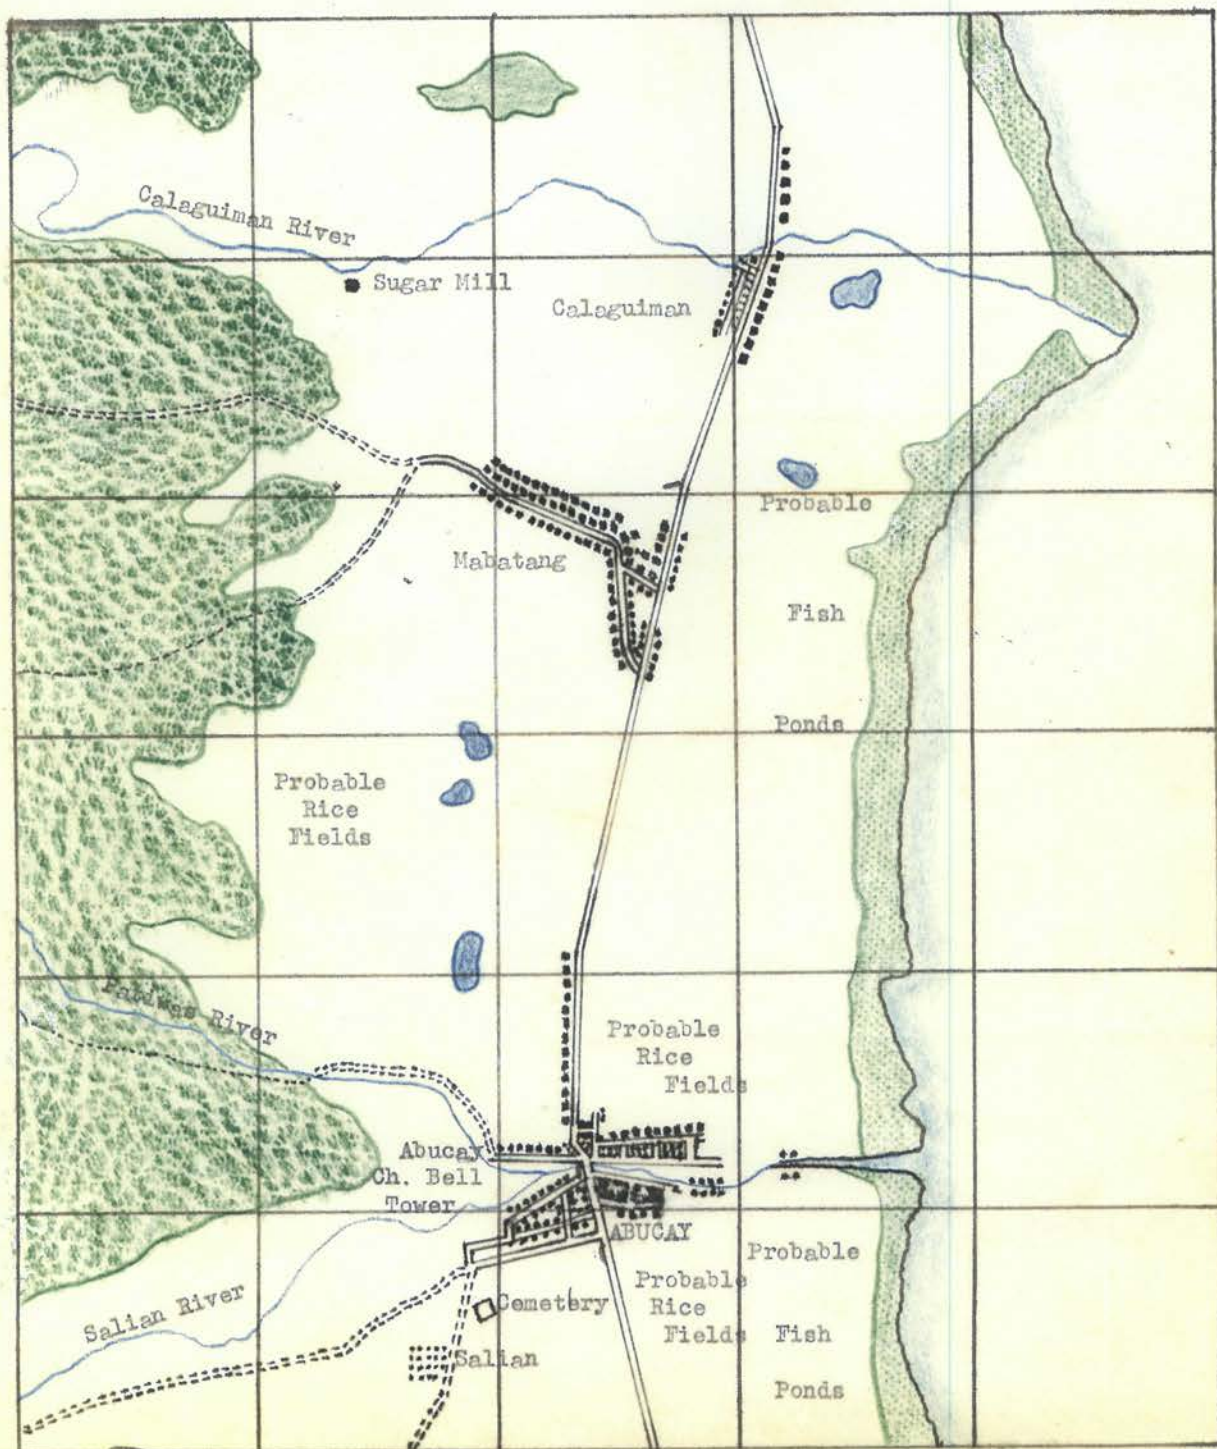

"You said that you had promoted him to 1st Lt. in December, 1941. I have never received official notice of this promotion and published information carries his rank as 2nd Lt."

ANSWER - I am not prepared to make a sworn statement to the effect that Lt. Nininger actually accepted his promotion to a 1st Lt. by actually taking the oath of office, but the following facts are true statements: I visited all command posts in the 1st Bn., 57th Inf. on December 31, 1941, when I informed all concerned personally, including Lt. Nininger, that Headquarters, USAFFE had told me over the telephone that my promotion recommendations had been approved and that I might so inform all concerned. I was told also that actual mimeographed orders would be delayed on account of the volume of such orders throughout the Command and because of lack of facilities for printing such orders. I can further state though the actual date evades my memory, that the promotion order containing his name was received at my command post prior to his death. I have described the situation on Bataan prior to this death and it is possible that he either did not take the oath of office or that his oath of office might well have been destroyed by enemy fire or through some inadvertence have failed to reach USAFFE Headquarters on Corregidor for recording. The order I refer to promoted him to 1st Lt. as of December 19, 1941. To the best of my remembrance it was officially reported to me and I am sure that I remember correctly when I say that accepted oaths of office for all Officers in the regiment for promotion were forwarded to higher headquarters. Further when I wrote his citation I might easily have been thinking of this very young man who had joined my regiment direct from U.S.M.A. as a 2nd Lt. instead of properly noting his increased rank. I regret the error if it was mine.

There is little that I can add to the very carefully chosen words of his citation except to say that from the time he joined my regiment until the day he gave his life for his country, he was an outstanding Officer in every respect. He exemplified duty, honor, country and reflected great credit on his regiment, his Alma Mater, the Army and his country.

Very truly yours,

R. Barker

Fort Lauderdale, Florida

SEND LETTER TO FATHER IN ACCORDANCE WITH Major Lay's attached draft.

Copies: D P R B
Records Section

Bennett
7/3/51

Nininger, Alexander R Jr

This Office desires to furnish you information concerning the results of the investigations which have been conducted in an effort to recover and/or identify the remains of your son, the late FIRST LIEUTENANT ALEXANDER R. NININGER, JR.

The records of the Department of the Army indicate that your son was killed in action ¹² January 1942 in the vicinity of Mabatang and Abucay, Philippine Islands. The records further indicate that you have been informed that the remains of your son were brought to the churchyard in the town of Abucay where they were buried.

The Graves Registration Service of the Army conducted extensive investigations in the vicinity of Mabatang and Abucay in an attempt to recover and identify the remains of your son. The most recent investigation in the Abucay Churchyard was conducted during May 1950. At ~~this~~ time, a recovery party disinterred the entire area within the walls of the Abucay Churchyard not occupied by buildings or concrete memorials. No American remains were discovered during this most recent investigation. During previous investigations in this area, a row of graves established during the war were disinterred. These graves contained the remains of two Americans and twelve Philippine Scouts. Each of these remains have been identified. It is believed that these graves which were located just outside the south wall of the Abucay Churchyard between the wall and the river bank are the graves which were reported as having been seen by American personnel on the death march.

In an attempt to resolve the conflicting information concerning the reported burial of your son's remains at Abucay, the persons reported to have witnessed the interments or believed to have any information concerning ^{them} the interment were contacted either by letter or by telephone. While some information was obtained from some of these persons, it did not lead to the recovery of the remains. During the course of telephone conversations with some of the survivors of the ~~action in the vicinity of Abucay~~, it was brought out that considerable enemy action had taken place in the vicinity of the Abucay Church and that the building and surrounding area ^{was} subjected to heavy artillery firing both during the time it was in the hands of our forces and after

its capture by the Japanese. It was also brought out that in many instances the Japanese Forces desecrated the graves of American soldiers and particularly those who had been actively engaged in the defense of American positions. ~~Also~~ ^{Also} Graves were opened in the hopes of finding American equipment and ammunition which might have been ^{buried} ~~interred~~ with the remains. ^P The death roster prepared by Chaplain Secina has been studied, however, it does not contain the burial location of the remains of ^{any of} the individuals whose service he is reported to have conducted.

All unknowns recovered from the general area of Mabatang and Abucay have been processed by ~~the~~ accredited technicians utilizing ~~the~~ advanced scientific and technical procedures to obtain the most accurate information possible concerning these unknowns. The information obtained as a result of this processing was compared with the information ^{on} file with the Department of the Army for your son. However, no association was possible between any of these unknowns and your son because of the difference in dental and physical information.

Having considered all the factors in this case; the contradiction ^a with regard to the actual place of interment, the shelling of the church and surrounding areas, the desecration and opening of graves by Japanese Forces, the intensive investigations conducted in the area, and inability of Graves Registration Service of the Army to locate the remains of your son, it has been determined that his remains are nonrecoverable.

Realizing the extent of your ^{great} loss, ~~I regret to inform you~~ ^{it is regretted} that there is no grave at which to pay homage. May the knowledge of your son's honorable service to his country be a source of sustaining comfort to you.

1. It is requested that the case of 2/Lt Thomas Speers be reprocessed concurrently with those of Lt Cheaney Lt Nininger, Lt Greene, Lt Wilson, Lt Compton, and Lt Maynard, since Lt Speers was killed in the same area and

the same time as the other decedents.

2. Information recently received pertaining to Lt Cheaney may have a great bearing on the above mentioned decedents.

3. Request this Section be notified of the final resolution on all cases involved.

Summary Court-Martial
ARMY SERVICE FORCES
KANSAS CITY QUARTERMASTER DEPOT
601 Hardesty Avenue
Kansas City 1, Missouri

Case No. 649 081
WPH:K/vh
Date 29 March 1946

SUBJECT: Report of transactions in disposing of the effects of

Alexander R. Ninninger, Jr., O-23761 late a
(Name of deceased) (Army Serial Number)

First Lieutenant, Infantry who died
(Grade) (Organization, Army or Service)

on the 12 day of January, 1942, at Philippine Islands
Washington

TO : The Adjutant General, War Department 25, D.C.

1. Complying with A.W. 112, a Summary Court-Martial, convened at Kansas City, Mo., pursuant to S.O. 228, Hq., KCQM Depot, dated 25 September 1943, for the purpose of disposing of the effects of the above-named soldier, or person subject to military law, reports that:

a. No legal representative or widow of decedent being present at decedents camp or quarters, effects of decedent were forwarded to this Summary Court-Martial.

b. Local debtors owed decedent's estate \$ none of which the sum of \$ none was collected. (If nothing was found due or collected, state "None"; otherwise attach itemized statement of sums owing and collected.) (Incl. none.)

c. Decedent owed undisputed local creditors the sum of \$ none, which has been paid by the Summary Court-Martial from funds of decedent. (See inclosed receipt none, Incl none.)

d. Disposition of decedent's effects (less money paid creditors, if any) has been made by the Summary Court-Martial by transmittal through the Quartermaster Corps, at Government expense to person found entitled (See Summary Court-Martial FINDING below).

FINDING

Before a Summary Court-Martial which convened at Kansas City, Missouri, on 6 March 1946, pursuant to Special Orders 228, Headquarters, KCQM Depot, dated 25 September 1943, the application or affidavit of A. R. Ninninger for the effects of the above named deceased soldier, or person subject to military law, now in the possession of the United States, with other relevant evidence, was duly considered;

Whereupon, this Summary Court-Martial finds that, under the provisions of A.W. 112,

A. R. Ninninger of
(Name of person found entitled)
Lake Worth State of
(Number, Street or Avenue) (City, Town or Village)
Florida, is the father of the
(Relationship or Capacity)

above-named decedent and appears to be entitled to receive his or her effects.
